Ad Text You know the Second Amendment is our unalienable right to bear arms that was granted Americans by the Founding Fathers. However, liberals just spit on the U.S. Constitution. So, Hillary Clinton said it's "worth considering" a nationwide gun ban and a "buyback" program to eradicate private gun ownership.

Hillary says she is a democrat. Huh! No, she like Obama should say they're socialists who want to set up tyranny. The Founding Fathers had enough brains for preventing the situation when dictators run the country. They decided that armed nation is able to overthrow a tyrant. Maybe is it a true reason why Hillary Clinton stands against the Second Amendment?
